Dear Parents/Caregivers and Students,

This Acceptable Use Agreement sets out the terms on which you may access ICT facilities provided by St Raphael's School. This includes hardware, software, the school network and cloud computing services. Cloud computing involves the use of online services (rather than a PC or school server) for functions such as Microsoft Office 365, email, blogs, saving of work and data storage. Please read the 2021 Acceptable Use Agreement and talk it through with your child. By signing this Acceptable Use Agreement, you and your parents/guardians are agreeing to the terms set out in this Agreement, including the consequences of breaking any set rules. You will need to sign and return this Acceptable Use Agreement before you will be allowed to access these services.

- using ICT facilities to store/download large files for personal use.
- personalising the home page on any school device without consent from the teacher.

4. Staying Safe Online

- Please report to an adult if you access a website or see something online that makes you feel uncomfortable. This includes any form of cyberbullying or harassment to you or others that you are aware of.

5. Monitoring

- Through this agreement, you agree that school staff have the ability to (and may at any time) monitor your use of ICT Services, including accessing and monitoring any data that you have sent or stored using the school network and also information you may have stored or accessed on your device.

6. Suspension of use and other consequences

- For the unacceptable use of ICT equipment, there may be some period of time where access to ICTs or the school network is restricted.
